Marcella, Client of For The Children

“ *Before attending the Teen Learning Center, I had no idea how to approach a reading and writing test and despised math. The best aspect of this program is the patience that tutors have with each student. They taught us creative ways to apply problems and equations to everyday situations for better understanding. Because of their assistance, I was able to pass all tests well before graduation.* ”

HELPING YOUTH SUCCEED GOAL:

Help youth gain access to a positive relationship with a caring adult, and obtain the education, skills, and supports to achieve their potential and succeed in life.
